## Jordan Peacock

Number 1148

The Best Sire of Saddle and Harness Horses in the World.

Will make the Season of 1909 at his home in Gradyville, Ky., at the Low Price of \$15 to Insure a Living Colt.

JORDAN PEACOCK needs no introduction to the people. He has made his own reputation by breeding the right kind of horses that the people want everywhere. They are the kind that go under the saddle and in harness; they have the size; they have the style; they have the qualities; they have everything that it takes to make a first-class horse. They are the kind that bring the most money; they are the ones that bring the buyers from other states. Last fall Mr. U. S. Haynes, of Clarksdale, Mo., bought seven of JORDAN's colts at from \$100.00 to \$150.00 each. Did anybody ever know of any other horses' colts selling for such prices? Did you ever hear of any person buying such a number of colts and shipping them to other states by any other horse? Did you know that Mr. Otho Miller, of Moody, Texas, bought two of JORDAN's colts last December for \$1,000.00? Mr. Miller just came to Kentucky to buy one PEACOCK, but he liked them so well that he bought two. He has written me since he went home that he had made a mistake by not buying more of them. Did you know that Capt. Hampton, of Washington City, sent to this county last fall and bought one of the best saddle geldings that JORDAN ever sired? This is only a few of the sales of JORDAN's colts that have been made since last fall. I just mention these to show you that they are the ones that are selling and bringing more than double the price of any others. So don't fool your time away breeding to others, because they are close to you or because the owner of them is your friend. Look to your own interest and breed to JORDAN PEACOCK and get a colt and a good one for you know JORDAN never fails. I believe he is the surest horse living.

Below I will show you why JORDAN is the best breeder.
